

# Life With Archie #29

**PREVIOUSLY IN Archie Marries Veronica.**

**AFTER HIGH SCHOOL, AFTER COLLEGE ... THE MARRIED LIFE!**

It's the job Archie's always wanted; he's producing music for Mirth Records — but will his desire to support artistic freedom last in an industry of prepackaged music?

And what's up with Fred Mirth anyway? He's a backer in the Chocklit Shoppe, and Pop Tate came back to Riverdale to warn Jughead about his suspicious behaviour!

Veronica is running her own company and managing Kevin Keller's senate campaign. She's overworked! If she wasn't, she might have noticed the fact that Fred Mirth's company has become one of her clients!

Reggie and Betty's reality show needs better ratings! Their producer has been pushing Reggie to start fights to make the show more interesting! Reggie's business is tanking, but is he willing to ruin his relationship with Betty too?
